Jose Toledo Luna

Education

University of California, Los Angeles 2021-present

Ph.D in Statistics

California State University, Fullerton 2021

Master of Science, Statistics

California State University, Fullerton

Bachelor of Arts, Mathematics: Probability and Statistics

Santa Ana Community College 2016

Associate in Science: Mathematics

Teaching Experience

University of California, Los Angeles

Teaching Associate Summer 2022-present

STATS 10: Introduction to Statistical Reasoning

STATS 21: Python and Other Technologies for Data Science (Spring 2023)

STATS 100B: Introduction to Mathematical Statistics (Summer 2023)

STATS 100C: Linear Models (Summer 2023)

Teaching Assistant Summer 2022 - Winter 2023

STATS 10: Introduction to Statistical Reasoning (Fall 2022, Winter 2023)

STATS 13: Introduction to Statistical Methods for Life and Health Sciences (Summer 2022)

California State University, Fullerton

Teaching Associate Fall 2019 – Spring 2021

Math 115: College Algebra (Fall 2019)

Math 120: Elementary Statistics (Spring 2020, Fall 2020)

Math 338: Statistics Applied to Natural Sciences (Spring 2021)

Publications

Toledo Luna, J. (2023). ggDoE: Modern graphs for design of experiments with 'ggplot2'. https://CRAN.R-project.org/package=ggDoE

Luna, J., Jaynes, J., Xu, H., & Wong, W. K. (2022). Orthogonal array composite designs for drug combination experiments with applications for tuberculosis. *Statistics in Medicine*, 41(17), 3380–3397.

Awards/Fellowships

Eugene V. Cota-Robles Fellowship (2021-2025)

Graduate Readiness and Access in Mathematics (GRAM) NSF Fellowship (August 2017 – May 2019), Advised by Dr. Jessica Jaynes

Talks and Presentations

Contributed talk: Enhancing Efficient Global Optimization Through a Kriging Based Space Reduction International Conference of Design of Experiments, University of Memphis, May 08-11. 2023

Poster: Orthogonal Array Composite Designs for Drug Combination Experiments
Society for Advancement of Chicanos/Hispanics and Native Americans in Science, Austin, Texas 2018

Contributed Talk: On Comparisons of Bayesian and Frequentist Estimators
Research for Undergraduates Summer Institute of Statistics, Oregon State University, 2018

Poster: Drug Combinations for KB Oral Cancer

Section Mathematical Association of America, San Diego State University, 2017

Advising

Project-Raise: Graduate Research Mentor

Assist first-generation undergraduate students across various community colleges with the following summer research projects

Golden West College Summer 2019

Project: Accounting for Type II Error in the Judgment of Significance of Effects in a Two-Level Factorial Design

Los Angeles Community College Summer 2020

Project: Using Bayesian Analysis to Predict the Final Outcome for the 2019 FIFA Women's World Cup

Orange Coast Community College Summer 2021

Project: Development of an R package for creating modern graphs using ggplot2 for Design of Experiments

Work Experience

Southern California Coastal Water Research Project

November 2020 - September 2021

Statistical Programmer

Develop statistical software for applications in storm water best management practices, and emerging contaminants. This included creating R shiny web applications, R packages and/or Python libraries for clients.

California State University, Fullerton Instructional Assistant

Summer 2017 January 2018 - June 2018

Assisting professor during the lecture lab component of an Introductory Statistics course. Helping students out with their lab assignments and get them familiarized with the software such as R

Santa Ana Community College Math Tutor September 2015 - December 2016

Assisting students with their math classwork from courses ranging from pre-algebra to linear Algebra, including introductory statistics courses

Technical Experience

R Python Git/Github Linux LaTEX
